

Hello!

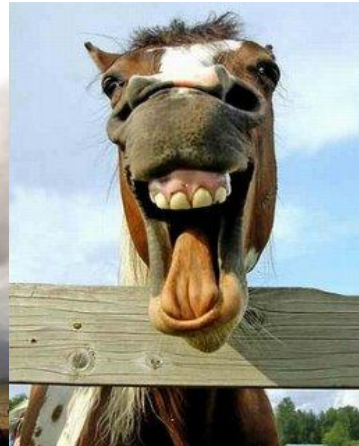

Our group in three words...

Laughing,

laughing and...

laughing.

We are Julie, Jasmien, Niels and Arne. We are four best friends who laugh all the time and enjoy life. Underneath, we've written a short presentation of ourselves.

Julie

I'm sixteen years old, I'm living in Waregem and I like my boyfriend. I like going to parties, shopping and hanging around with my friends. I earn extra money by babysitting. My favorite film is "The Holiday", because it's very romantic. My favorite subject is Economics and later on I'd like to study something like that, for example selling houses.

Jasmien

I'm sixteen going on seventeen. I'm living in Anzegem and I'm a happy single. I like sports, especially Korfbal. In my spare time, I train with my team and in the weekends I work in a bakery. My favorite film is "La vita è bella", because it's very emotional. I'm fond of playing Singstar with my friends. Later, I want to study in Ghent.

Niels

I'm also sixteen years old and I live in Waregem. Most of the time, I watch TV shows or movies. My favorite TV Shows are LOST, Will & Grace and Prison Break. And my favorite book is Harry Potter and the Deathly Hallows. Every Wednesday afternoon I follow drama courses. Later, I'd like to become a director. If you'd ask me what my favorite movie is, I can't answer, because there are too many movies I like.

Arne

I'm seventeen and I live in Beveren-Leie. I have a beautiful girlfriend, called Maureen. Not so long ago, Niels turned me into a big LOST-freak. I like Handball and every Sunday afternoon I go to the youth movement. I'm passionate about movies (I've got a DVD-collection at home with over three hundred movies) and amusement parks. One day I'd really like to go to Fantasia Land in Germany. My dream is to become a rollercoaster constructor.
